

## INSTRUCTIONS

The MXAUSBA unit provides a convenient interface to connect 3.5MM AUX and USB cables. This unit is designed to fit into standard Carling/Rocker switch locations to create a clean factory appearance. The MXAUSBA has 1 meter (39.37") of USB and 3.5MM AUX extension cable which can be easily connected to your source unit's 3.5mm/USB cables. Memphis Xtreme products are engineered to withstand the elements and meet or exceed a rating of IP66 for water and dust resistance.
